Gene Pitney, Donna Means Heartbreak

Don't mention Donna When I'm around When I hear her name The world just turns upside down

To others Donna mean beauty Donna means heaven Donna means ecstasy But Donna means heartbreak to me

I still remember Her soft caress The touch of her lips And the warmth of her tenderness

To others Donna mean beauty Donna means heaven Donna means ecstasy But Donna means heartbreak to me

She ran around
Like there was no tomorrow
And every boy in town
Knew the thrill of Donna's kiss
And all the time I thought she was mine
She belonged to everyone, every, every, everyone

To others Donna means beauty Donna means heaven Donna means ecstasy But Donna means heartbreak to me Yeah Donna means heartbreak to me
