

# Gene Watson, Should I Come Home (Or Should I Go Crazy)

I wonder if you've had the time it takes to think it over  
To sort out all the feelings in your mind  
Sometimes I think you've found someone to do your thinking for you  
'Cause lately you've been showing all the signs.

Should I come home, or should I go crazy?  
I'm beggin' you please, make up your mind.  
If you love me, then think it all over.  
So make up your mind, or I'll lose mine.

Last night when I came by, I rang the bell and no one answered,  
But I heard voices whisper through the door  
Now I'm not sure if anyone was home to do the talking  
'Cause lately I hear voices more and more.

Should I come home, or should I go crazy?  
I'm beggin' you please, make up your mind.  
If you love me, then think it all over.  
So make up your mind, or I'll lose mine.  
Should I come home, or should I go crazy?  
I'm beggin' you please, make up your mind.  
If you love me, then think it all over.  
So make up your mind, or I'll lose mine.
