

# General Public, Handgun

Now there's a place I know, and I sometimes love  
where they're born in the shadow of a rifle club  
Hearts of gold, but they're in some doubt  
when it's time to get the handgun out

Time to get, get the handgun  
Time to get the handgun out  
Now it's time to get, good God, good gosh  
Get the handgun out!

Now a stranger can see instantly  
all the strains in this society  
Not a melting pot, it's a centrifuge  
where the quick, and the dead  
are both equal losers!

Get all your trucks, collect them free  
Drive to the ocean, throw them in the sea!

Time to get, get the handgun  
Time to get the handgun out  
Now it's time to get, good God, good gosh  
Get the handgun out!

Now there's a place I know, and I sometimes love  
Time to get the handgun out  
Born in the shadow of a rifle club  
Time to get the handgun out  
Hearts of gold, but they're in some doubt  
When it's time to get the handgun out

Get all your trucks, collect them free  
Drive to the ocean, throw them in the sea!

Time to get, get the handgun  
Time to get the handgun out  
Now it's time to get, good God, good gosh  
Get the handgun out!

Hearts of gold, but they're down on love  
Born in the shadow of a rifle club  
Hearts of gold, but they're in some doubt  
When it's time to get the handgun out

Time to get, get the handgun  
Time to get the handgun out  
Now it's time to get, good God, good gosh  
Get the handgun out!
