take a deep breath but me head jus' go under
Everything gone out of order
Coming onto me like a lamb to the slaughter
All around me hear the scientists a caution

People people seh you've got to be wize
When will we realize?

'Cause me seh
Everybody happy now we abolish apartheid
1963 only come like last night
People people seh you've got to remember
don;t you forget about Nelson Mandela
Many years ago, yes, they called him a liar
Finding it hard to put him under water
South Africa is full of sharks
It's a shame that we didn't have a Noah's Ark
