

Generation Unleashed, Song In My Heart

There's a song in my heart
A praise to my King
Who first love me?
You first love me!

In my darkness You came
With the love that could say
You light up my world
You're the light of the world

Singing holy is the Lord
Worthy of all praise
You are worthy
You are worthy

With one voice we will sing
As we lift up our King
Bringing glory to You
Bringing glory to You

We will stand and proclaim
How great is Your name
You light up my world
You're the light of the world

Join with the heavens
Sing with the angels
And all creation
We will praise You
