

# Genesis, If That's What You Need

Talking makes us human that's what I was told  
So why do I find it so difficult to let my feelings unfold  
Had I the courage to tell you I'd promise you this

If that's what you need  
I'll be the river I'll be the mountain always beside you  
If that's what you need  
I will be stronger I will be braver than ever before

When you came along and turned it all around  
I promised myself I wouldn't tell you  
Until we stood on solid ground  
Holding the candle between us I'll tell you this

If that's what you need  
I'll be the river I'll be the mountain always beside you  
If that's what you need  
I will be stronger I will be braver than ever before

And if there's any kind of danger  
I hear you calling out my name  
You can follow in my footsteps  
And I will lead you safely back again

I never understood you however hard I tried  
But it took me a while until I realised  
That all the problems were mine  
Holding you nearer to me to tell you this

If that's what you need  
I'll be the river I'll be the mountain always beside you  
If that's what you need  
I will be stronger I will be braver than ever before  
And when things go wrong  
I'll be your conscience there to remind you all of your life  
When you go wrong  
I'll be the reason you'll be protected all of your days
