Genitortures, Touch Myself

I love myself, I want you to love me When I feel down, I want you above me I search myself, I want you to find me Forget myself, I want you to remind me

I don't want anybody else When I think about you, I touch myself I don't want anybody else I touch myself

You close your eyes and see me before you Think you would die if I were to ignore you A fool could see just how much you adore me Get down on your knees and do anything for me

I don't want anybody else When I think about you, I touch myself I don't want anybody else

I'm the one who makes you come runnin Gets you comin all the time When I'm around, you're always beggin I wanna make you mine

I love myself, I want you to love me When I feel down, I want you above me I search myself, I want you to find me Forget myself, I want you to remind me

I don't want anybody else When I think about you, I touch myself I don't want anybody else

I don't want anybody else When I think about you, I touch myself I don't want anybody else I touch myself
