

# Gentleman, Mad World

All around me are familiar faces  
Worn out places, worn out faces  
Bright and early for the daily races  
Going nowhere, going nowhere

We living in a Mad World  
Look how much times they try to get us out  
It must be a sad world  
Everytime we go good they come with a lot of doubt  
God gave us life after all  
Can't wait to tear down these fences and these negative walls  
Some a rise some a fall  
They will never get it until it'll be the final call  
Keep on fighting war for money  
Time and time again  
They destroy the bees and honey  
It's a very, very...

Chorus:  
Mad World  
It's such a mad, mad world we are living in  
Mad World  
Is it the end or is it the beginning  
Mad World  
It's such a mad, mad world we are living in  
Mad World  
Is it the end or is it the beginning

Wish we could change them mentality  
I'm sure mama earth would be saved from the wrath of man  
With all dem wars and brutality  
Couldn't be the father it must be the devil's plan  
And while the people a bawl  
You take away their space and putting up your expensive mall  
Your skyscraper so tall  
But just like the tower of babylon it bound to fall  
Keep on fighting war for money  
Time and time again  
They destroy the bees and honey  
It's a very, very...

Chorus:  
Mad World  
It's such a mad, mad world we are living in  
Mad World  
Is it the end or is it the beginning  
Mad World  
It's such a mad, mad world we are living in  
Mad World  
Is it the end or is it the beginning
