

# George Benson, 20/20

When I think of all I put you through  
Always taking you for granted  
I never saw it from your point of view  
Blinded by the double standard

You were tryin' to tell me all along  
Something in the love was missing  
You said, "It's not too late to get it back"  
But I just wasn't listening

If I knew back then what I know now  
If I understood the what, when, why and how  
Now it's clear to me  
What I should have done  
But hindsight is 20/20 vision

Now I see it in a different light  
I've been losin' you in stages

Give us one more chance  
I'll get it right  
Girl, you're gonna see some changes

If I knew back then what I know now  
If I understood the what, when, why and how  
Now it's clear to me  
What I should have done  
But hindsight is 20/20 vision

Takin' time to catch up on some history  
Tryin' to figure out what went wrong  
with you and me  
And it doesn't really matter  
What's been before  
But I know there's no future  
With you walkin' out that door

If I knew back then what I know now  
If I understood the what, when, why and how  
Now it's clear to me  
What I should have done  
But hindsight is 20/20 vision

If I knew back then what I know now  
If I understood the what, when, why and how  
Now it's clear to me  
What I should have done  
But hindsight is 20/20 vision
