George, Falling Inside

So, here I go again, I want to say no for the upteenth time the reins, they're slipping out of my reach I'm trying to enjoy this ride, if just a little while

I know I'm such a lucky girl, but too much I try I want to stop a while, step out of the frame And see with a different lens what I can't clearly see

CHORUS: And I'm falling inside, I'm wanting to escape from this mess I'm in I'm wanting to, I'm falling inside, falling inside

What we never thought has come The others seem to play too big a part The sweeteners soon sour and I crave to taste The fresh new air and breathe again, alone again

CHORUS: And I'm falling inside, I'm wanting to escape this mess I'm in I'm wanting to, I'm falling inside, falling inside

BRIDGE: So here I go, I try to explain Just find myself in circles again So here we go, we try to explain Just find ourselves in circles again

So, here I go again, even lucky girl get the blues But I'm loving this ride when I see full view And we're all here again, alone again

CHORUS: And I'm falling inside, I'm wanting to escape this mess I'm in I'm wanting to, I'm falling inside, falling inside
