

George Fox, Special Ones

Isn't it funny how you never really screamed at my face
But your anger's so unspoken and unchanneled
Permeates my essence to the point where I
Don't wanna see you, hear you, be anywhere near you
You probably think I'm threatened by you
But your illusionary power doesn't threaten me

Actually I think it's kinda funny
That you create an illusion that is a mirror
I dont appreciate you
And I know that that supprises you
I suppose you see that those who follow their heart always win
Those with integrity have won the match before it's begun

So rather than being kicked around
I'm gonna kick you to the curb
So rather than being pushed around
I'm gonna push you away first
So rather than trying to protect you
I'm gonna cover my bases first
So rather than trying to open my heart
I'm gonna lock it with a key
So that only the special ones
Can ever get through to me

Some can see beyond the barrier of threshold
Where as others can see beyond their sculptured mould
You could offer me nothing
You could offer me nothing that I need
Do you think I'm asking too much
A kind of respect and trust that shouldn't ever be questioned
How can I open my heart
With dishonesty sitting next to me
I've honoured your honour to the point of embarassment
But innocence in the hands of the guilt-free is kicked to
Is kicked to the curb
I was ashamed of my innocence
I was ashamed of my innocence
But now with clarity I see that
Your bullshit is just not worthy of me

So rather than being kicked around
I'm gonna kick you to the curb
So rather than being pushed around
I'm gonna push you away first
So rather than trying to protect you
I'm gonna cover my bases first
So rather than trying to open my heart
I'm gonna lock it with a key
So that only the special ones
Can ever get through to me

I dont wanna be angry
I dont wanna be angry
I dont wanna be angry
I dont wanna be angry, angry, angry
This is not worthy of me
But now with clarity I see
That I can walk away
I can walk away, I can walk away

So rather than being kicked around
I'm gonna kick you to the curb
So rather than being pushed around

I'm gonna push you away first
So rather than trying to protect you
I'm gonna cover my bases first
So rather than trying to open my heart
I'm gonna lock it with a key
So that only the special ones
So that only the special ones
Can ever get through to me
