GLAD TO LET HER GO  
WRITER GEORGE JONES

You took her from my side  
The day you took her from me  
And you thought that it would hurt my pride  
But there were things you failed to see.  
You thought you stole away her love  
But I want the world to know  
It's the truth she turned her back on me  
But I was glad to let her go.  
Yes, you thought that you were foolin' me  
And even though it wasn't right  
Let me thank you for you set me free  
From a lot of sleepless nights.  
My love for her had died  
Yes, it was over long ago  
And it's true she walked away with you  
But I was glad to let her go.  
Yes, you knew that you were cheating me  
And even though it wasn't right  
Let me thank you for you set me free  
From a lot of sleepless nights.  
My love for her had died  
Yes, it was over long ago  
And it's true she walked away with you  
But I was glad to let her go...
