

George Jones, Long As We're Dreaming

LONG AS WE'RE DREAMING
WITH MELBA MONTGOMERY
(Earl Montgomery)

'66 Glad Music, BMI / Pappy Daily Music, BMI

Long as we're dreaming like this wonderful
Filled with true love and warm sunshine
Each way we look we see rainbow
My heart is yours and yours is mine
Each way we turn we turn to happiness
In a world where we don't stand alone
Long as we're dreaming we don't realize
When we wake up love will be gone
Long as we're dreaming birds are singing
Beside us there the grass is green
Each way we look we see ending
They know our love is pure and clean
Each way we turn we see a baby
In years to come he'll soon be grown
Long as we're dreaming we don't realize
When we wake up love will be gone
