

George Jones, Once A Day

ONCE A DAY

(Bill Anderson)

When I found somebody new I thought I never would
Forget you for I thought then I never could
But time has taken all the pains away
Until now I'm down to hurtin' once a day
Once a day all day long
And once a night from dusk till dawn
The only time I wish you weren't gone
Is once a day every day all day long
I'm so glad that I'm not like a guy I knew one time
He lost the one he loved then slowly lost his mind
He sat around and cried his life away
Lucky me I'm only crying once a day
Once a day all day long...
Once a day every day all day long
