WHAT'S IN OUR HEARTS

Everybody tells me you're a cheater  
Yes and everybody says you cheated too  
Should we believe them and let them tear our love apart  
Or should we believe what's in our hearts  
I believe in my heart the one I love is true  
And I'd never take a chance on losing you  
Side by side hand in hand we'll never be apart  
Just as long as we believe what's in our hearts  
Only your two lips could make me happy  
And I'm sure you know I feel the same way too  
Together we will share a tender love no one can part  
Just as long as we believe what's in our hearts  
I believe in my heart the one I love is true...
