

George Lamond, Without You

There's no one who could ever love me like you loved me
I remember how it used to be
There was no stronger love
And now I can't believe I was only too blind to see
That your love is inside of me
And now I don't have anything at all
Every night I think as time just passes by
Why I left your love and how it made me cry
Now that I found out, don't know what to do
My life feels so empty, so empty alone without you

Chorus:

Without you, without you
I don't know what I'll do without you girl
Without you my love is in your hands
There's nothing left to live for
There's nothing left to do without you

Every night I sleep, I sleep with a fantasy
That your here, its just you and me
Just like it always was
But then I'm left to see that it was only a memory
And what's left is for me to be alone without your love
Every night I think as time just passes by
Why I left your love and how it made me cry
Now that I found out, don't know what to do
My life feels so empty, so empty alone without you

Chorus (4x)
