

# George Morgan, Tender Lovin' Care

Get your favorite photo and send it to me  
Along with a curle from your hair  
Write on the package so the postman will know  
To treat it with tender lovin' care

Wrap up a dream or two and send them along  
Send anything that you can send  
If it's old or if it's new sweetheart I promise you  
I'll treat it with tender lovin' care

For now my dream has ended and you found someone new  
But though my dream has ended I'm still in love with you  
Send along a memory of the happiness we shared  
And when it comes I'll treat it with tender lovin' care  
[ steel ]  
For now my dream has ended...
