

George Morgan, You Turn Me On

You turn me on like no one else has ever done girl
Your fingers touch me and you drive me up the wall
I get a thrill just knowing you're a part of my world
Oh honey I'm in love with you you turn me on

You turn me on and I'll go raising up to heaven
And the troubles of the day are quickly gone
You make the universe a happy place to live in
Oh honey I'm in love with you you turn me on

[steel]

I fall into a sea of fire when I kiss you
And rock that's brighten up the sky like summer dawn
You leave my sight for only minutes and I miss you
Oh honey I'm in love with you you turn me on

You turn me on...
