

George Strait, Any Old Love Won't Do

(Frank Dycus/Dean Dillon)

I've seen ladies look at me
With want to in their eyes
But each time they do
I think of you and it makes me realize
Just any old love won't do

No, any old love won't do
I don't want to love
If it isn't with you
Just any old love won't do

You've got the only arms
I've ever come runnin' to
Love has always led me to your bed
Just any old love won't do

No, Any old love won't do
Just any old love won't do
I don't want to love
If it isn't with you
Just any old love won't do

--- Instrumental ---

Just any old love won't do
No, any old love won't do
I don't want to love
If it isn't with you
Just any old love won't do

No, any old love won't do
Just any old love won't do
I don't want to love
If it isn't with you
Just, any old love won't do

No, any old love won't do
Just any old love won't do
I don't want to love
If it isn't with you
Just, any old love won't do...
