

# George Strait, Any Old Time

Any old time you get lonely,  
Nights get cold or love is blue,  
Just snuggle up honey; you're my one and only,  
Any old time, I'm here for you.

Pay no mind to the hour  
Or how far away you may be.  
Any old time you can find me, drop in a dime and there I'll be.

Any old time you start missin'  
Somebody to hold, to keep you company,  
I'll be willin' when you want my kissin',  
Any old time, just call on me.

Pay no mind to the hour  
Or how far away you may be.  
Any old time you can find me, drop in a dime and there I'll be.
