## George Strait, Don't Make Me Come Over There

Don't make me come over there and love you I'd be beside you in a single bound Don't make me come over there and love you 'Cause I will right now

I don't need any explanation For why I crave all your honey talk Don't make me come over there and love you 'Cause it's a short walk

You better tone down your persuasion Start behaving before I go and fall apart

My heart's been on a long vacation But now it's beating like a cha, cha, cha Don't make me come over there and love you 'Cause I will right now

You better tone down your persuasion Start behaving before I go and fall apart

Don't make me come over there and love you Because it's looking like the perfect spot Don't make me come over there and love you And give all I got

Don't make me come over there and love you 'Cause I will right now Yes, I will right now Don't make me come over there and love you
