

George Strait, I Just Can't Go On Dyin' Like This

Im drivin in my car alone
you call me on the telephone
how many times will it takes till im convinced
that your using me im just a "use to be"
its a lie i know its a lie
but i just cant go on dyin' like this

chorus

can i see you tonight baby ill act just like you want me to
or is that just exactly what im not suppose to do
ill just stop in here have a glass of beer im just a fool i guess
but i just cant go on dyin like this

here i am again its 4 am i think ill play that song again
the one called im so lonsome i could cry
and i wonder where you are tonight i dont know i just dont know
but i just cant go on dyin like this

repeat chorus

lord knows i just cant go on dyin like this
