

# George Strait, I Wasn't Fooling Around

I wasn't fooling around, everything's true what I say.  
So take me seriously, darlin, please just take me.  
I wasn't fooling around.

[Chorus:]

Laugh if you want to, but I wasn't joking  
About this love that's real.  
Is it surprising I'm romanticizing about the way I feel.

I wasn't playing a game, I'm not a kid anymore.  
I'm not the clown that's just here to amuse you.  
I wasn't fooling around.

[Chorus]

I wasn't fooling around, it wasn't like that at all.  
So take me seriously, darlin' please just take me.  
I wasn't fooling around, I wasn't fooling around.
