

# George Strait, She Loves Me

Well now I can see your dancin every dance with her  
And it seems to me that your dancin much too close to her  
When you sat down at our table  
You sat next to her  
But I know that it's true  
She loves me, she don't love you

Chorus:

Let me tell you friend  
I'm wise to your lies  
You've been tellin me that I'm the guy for her  
And every little thing you do and say  
Is givin you away  
You're in love with her

Well just one more dance with her  
And friend you're gonna see  
What it's like to hit the floor  
And do a little dance with me

Here's your coat and there's the door  
I think you better leave  
Cause she just told me it's true  
She loves me, she don't love you

Repeat chorus

Well just one more dance with her  
And friend you're gonna see  
What it's like to hit the floor  
And do a little dance with me

Here's your coat and there's the door  
I think you better leave  
Casue she just told me it's true  
She loves me, she don't love you

Cause she just told me it's true  
She loves me, she don't love you
