

# George Strait, Someone's Walkin' Around Upstairs

Someone's walkin' around upstairs  
I can hear him  
And he just got up from sleepin' in our bed  
And I'll wake and realize  
I was dreamin'  
But even when I'm stoned awake  
I can't get it out of my head

'Cause I know someone's gonna take my place  
And walk up that 'ol stair way  
To the room where I walked out on you  
Please understand I couldn't stay  
I see a two story house  
With someone new warmin' up my bed  
Someone's walkin' around upstairs  
And I can't get it out of my head

'Cause I know someone's gonna take my place  
And walk up that 'ol stair way  
To the room where I walked out on you  
Please understand I couldn't stay  
I see a two story house  
With someone new warmin' up my bed

Someone's walkin' around upstairs  
And I can't get it out of my head

Someone's walkin' around upstairs  
And I can't get it out of my head
