

George Strait, What's Going On In Your World

What's going on in your world? I hope that you're doing fine.
I just called to say there's not a day that you don't cross my mind.
I just wanted to see if you feel like me - sorry that we said goodbye.
So what's going on in your world? It sure is lonesome in mine.

[Chorus:]

Just tell me that you're happy and I'll hang up the phone.
Just tell me you don't need me anymore and I'll leave you alone.
I just wondered if you had somebody new after all of this time.
So what's going on in your world? It sure is lonesome in mine.

[Chorus]

What's going on in your world? It sure is lonesome in mine.
