

# George Strait, Wonderland Of Love

What kind of world would it be  
For you without me  
Would you think it a better world  
Or would you be lonely  
And if your love for me shall die  
Would you even say good bye  
Or would you just walk away  
Into the dark of night

Sometimes I need insurance of your love  
For you soft and gentle touch  
All the kings are worthy none  
And at these times you take me by the hand  
And like a child you lead me through  
A wonderland of love

Life I can't visualize  
Without you by my side  
Life would be meaningless  
Like some of those sky's  
Thou you show me everyday  
Your love in every way  
I'm afraid it's all a dream  
That'll favor your way

Wonderland of love
