

George Thorogood And The Destroyers, My Dog

People are talkin' bout you and I
What they're sayin' you know it's a lie
People are talkin' bout me and you
I done got tired, I wanna talk some, too

They talk about my dog they talk about my cat
Say my dog cant' bark and my cat can't scratch
People are talkin' bout us, me and you
I done got tired, I wanna talk some, too

My dog can't bark and my cat can't scratch
Whose dog's tied up, wanna step on back
People are talkin' bout me and you
I done got tired, I wanna talk some, too
Ain't nobody kiddin' 'bout I bark like a dog
Chasin' rats all up and down the hall
People are talkin' bout me and you
I done got tired, I wanna talk some, too
Walk that hoochie-coochie man walk!
