## George Thorogood And The Destroyers, That's It

We used to have a time together We used to party with each other Now you're stone winter cold Come out no place to go And when I see you on the street With some two bit little creep That's it, I quit

You used to look just like a queen Kinda soft, kinda mean Now you just look dirty Say you're shy but you're flirty Wearin' a diamond ring Where did you get that thing? That's it, I quit

When I call you at home at your personal phone number I won't get in a rage if I feel it's engaged I just wanna know who you're lyin' under

It's a wrap
Don't wanna see you any more
Ain't got no woman in a trap
Like I told you once before
You think you're so flash
The way you get your cash
That's it, I quit

When I call you at home at your personal phone number Don't get in a rage When I feel it's engaged I just wanna know who you're lyin' under

It's a wrap
Don't wanna see you any more
Ain't got no woman in a trap
Like I told you once before
You think you're so flash the way you get your cash
That's it, I quit
