

George Thorogood, Sweet Little Lady

I tell ya bout my lady, ya know she's one of a kind
She's the only one who can make me walk the line
Well, I'm a hard-workin' man it's true
But there ain't nothin' I wouldn't do
For that sweet little lady
Sweet little lady of mine

When my ship comes in it'll be a happy day
I come for my lady
Comin' to take her away
Well, I'm a hard-workin' man it's true
But there ain't nothin' I wouldn't do
For that sweet little lady
Sweet little lady of mine

Sweet little lady
Sweet little lady of mine
She's my lady, gonna love her 'til the end of time
I'm a hard-workin' man I know
But I give her every cent of my dough
She's my sweet little lady
Sweet little lady of mine

Yes, I love my lady
She treats me nice and kind
She got the kind of love-makin' that always blows my mind
Said I'm a hard-workin' man it's true
There ain't nothin' I wouldn't do
For that sweet little lady
Sweet little lady of mine

Sweet little lady
Sweet little lady of mine
She's my lady, gonna love her 'til the end of time
I'm a hard-workin' man, I know
But I give her every cent of my dough
She's my sweet little lady
Sweet little lady of...of mine
Yep!

I love her!
