

# George Thorogood, Sweet Little Lady

I tell ya bout my lady, ya know she's one of a kind  
She's the only one who can make me walk the line  
Well, I'm a hard-workin' man it's true  
But there ain't nothin' I wouldn't do  
For that sweet little lady  
Sweet little lady of mine

When my ship comes in it'll be a happy day  
I come for my lady  
Comin' to take her away  
Well, I'm a hard-workin' man it's true  
But there ain't nothin' I wouldn't do  
For that sweet little lady  
Sweet little lady of mine

Sweet little lady  
Sweet little lady of mine  
She's my lady, gonna love her 'til the end of time  
I'm a hard-workin' man I know  
But I give her every cent of my dough  
She's my sweet little lady  
Sweet little lady of mine

Yes, I love my lady  
She treats me nice and kind  
She got the kind of love-makin' that always blows my mind  
Said I'm a hard-workin' man it's true  
There ain't nothin' I wouldn't do  
For that sweet little lady  
Sweet little lady of mine

Sweet little lady  
Sweet little lady of mine  
She's my lady, gonna love her 'til the end of time  
I'm a hard-workin' man, I know  
But I give her every cent of my dough  
She's my sweet little lady  
Sweet little lady of...of mine  
Yep!

I love her!
