

# George Thorogood & The Destroyers, Mad Man Blues

Look out there man, I've got the mad man blues

I come home last night around nine o'clock  
I knew you weren't there, baby,  
'Cause I knock na-na-knock  
I got the mad man blues  
Got the mad man blues  
I got the mad man blues,  
Man, doncha know, doncha know

I'm gonna take you, baby, by the riverside  
Hang you up, baby, there by your neck  
I got the mad man blues  
I got the mad man blues  
I got the mad man blues  
And man, doncha know, doncha know

Beg me last night, the night before  
Next time I see you I'm gonna mow you down  
I got the mad man blues  
Got the mad man blues  
I got a mad man blues  
And man, doncha know, doncha know

Look out there, man  
I'm gonna take you all night for a easy ride  
Drop you off, mama, by the riverside  
I got the mad man blues  
I got the mad man blues  
I got a mad man blues,  
Man, doncha know, doncha know

I come home last night around nine o'clock  
I knew you weren't there, baby,  
'Cause I knock na-na-knock  
I got the mad man blues  
I got the mad man blues,  
Man, doncha know, doncha know

I got the mad man blues,  
Man, doncha know, doncha know
