

# Georgi Kay, In My Mind

In my mind, in my head, this is where we all came from  
The dreams we have, the love we share  
This is what we're waiting for  
And In my mind, in my head, this is where we all came from  
The dreams we have, the love we share  
This is what we're waiting for

I've waited for life  
Waited for this time, waited for this moment  
To step into the light  
Got this drink up in my cup  
One night to live it up  
You know I'm not stopping till we've had enough

Perfect brother  
Can't tell where I'm at, but I'm on the right track  
Every time I look back it's a struggle,..

...  
Cause I don't hustle, nooo not dope just hope in my letter envelope check  
I got me demo, ohh I'm flo right now, when I go right now  
Was it ever that simple, used to roll, get pumped like a pitbull,  
Out the way said I ain't got potential, get bucked cause I ain't get the memo

Take a walk in my shoes  
Coz in like my dreams they came true  
And I'm a party it up through the roof

I've waited for life  
Waited for this time, waited for this moment  
To step into the light  
Got this drink up in my cup  
One night to live it up  
You know I'm not stopping till we've had enough

Party People  
I've got the wind at my head, my mind says yes when my body says  
When I eat whow, no it's not an optison, mamma yes I can  
Till this spaceship, land with the Beatles  
See the road blocks up, and my autograph sucks  
But the leech is unbelievable  
Got the round, but the bucks not wanna get bucked  
But, my fist up, rock star sign  
Guitars just broke, in my mind  
Was packing up, I might get by  
Talking bout luck, on my side

Take a walk in my shoes  
Ccoz in like my dreams they came true  
And I'm a party it up through the roof  
Oohh

In my mind, in my head, this is where we all came from  
The dreams we have, the love we share  
This is what we're waiting for  
And In my mind, in my head, this is where we all came from
