

Georgina Verbaan, This Christmas

[Chorus]

So would you tell me you're coming home today
I want you walking my lonely heart
Just got that, promise that you will stay
I'm wishing for you a home and everynight.

I am alone, and I wonder
About you all day long (about you all day long)
I get in deny and I need you
The feeling is just too strong.

I can't stop myself,
Thinking about you
All the things you say
And I do..

[Chorus]
