

# Gerald Levert, M'lady

She deserves the finer things in life  
The best clothes best cars best love best wines  
And if you can give her that she'll give her lovin back  
To somebody whos gonna treat her like a queen  
Show her what love really means  
And if you know its really love you can never get enough of love

[Chorus:]

I will stress to the death for m lady  
Be a freak never cheat on m lady  
Go to work go to church with m lady  
Anything everything I do for m lady

I will dress to impress for m lady  
I will cry I would die for m lady  
If you dont make the time for your lady  
If you dont just say g'bye to your lady  
I love m lady

Dont be afraid to tell the world about her  
Cuz shes your rock and you cant do without her  
And cant nobody come between what you and your woman mean  
Cuz shes your strength when youre weak  
Hope when its clean  
Faith when you need it  
And when youre feeling its not to you its really love  
You can never get enough  
Never too much never too much

[Chorus]

I luv m lady m lady  
I luv m lady
