

Gerald Levert, Made To Love Ya

[Verse 1]

I recalled when we first met, a long time ago. How could I forget the way I felt, when I first laid eyes on you. I remember saying to my friends, there is my future wife; and then, I took the steps to meet someone who would change my life.

It had to be my destiny

[Chorus:]

Cuz, I was made to love ya/my hands to touch ya/my arms to hold ya/my legs to stand/my time to spend,with you forever. I was made, made to love ya. My lips to kiss ya/my eyes to see you/my legs to stand/my time to spend with you forever and ever. I was made [I was made] made to love ya [made to love ya.]

[Verse 2]

I remember our first date, our first argument. Our very first break up to make up, that got us to this moment. And every girlfriend and every one night stand, every heartbreak, every heartache, led me to ya, it drove me to ya, made me better, better suited for ya.

[Repeat Chorus:]

[Repeat Chorus with adlibs]

I was made, made, my lips to kiss, these eyes of mine, oh baby, baby, baby, together, I was made, I was made to love you, love you, my hands. Only you me and God knows, how deep this love goes, baby ,oh baby, baby, I was made, my lips to kiss you, my eyes to see you, my legs to stand for you and only you baby. Oh, oh, oh, oh, oh oh, oh

[Repeat Chorus]

I was made to love you, all over the world you will be girl baby, Baby, oh oh , forever and ever. How long is eternity? That's how long we'll be together. Forever. My legs won't stand without ya. No, No, No, No, No, Oh! made to love you baby From head to toe, only you, me and God knows. I was made, made to ya
