

# Gerald Levert, Your Smile

[Background Vocals: Tommy "Zero" Johnson]

Oh, yo, ha  
You remember this one from way back, huh?  
Make ya wanna stomp your feet  
Or snap your fingers  
Like this  
Young man dropped a little ditty on me  
One of Cleveland's finest  
We call him Zero  
Song goes like this here  
Check it out

Here I am sittin' here  
Watching everything you do  
I block everything out of my mind  
So my attention's all on you  
Your body's tight, your skin tone nice  
These feelings I'm not gonna fight  
You got me hypnotized girl, yeah  
You make me wanna get inside girl

[1]  
Your eyes (Your eyes)  
Your smile (Your smile)  
Makes me (Makes me)  
Want you (Want you baby)  
Your eyes (Girl, your eyes)  
Your smile (Makes me)  
Makes me (Want you baby)  
Want you (Sing the song)

Tell me how you like it and I'll try my best  
To please you girl  
Here's our chance to explore  
Each other's world  
Let me hold you  
Gonna put this on everything  
I'm gonna show you  
Gonna show you, I would do anything  
To see

Your eyes (Your eyes)  
Your smile (Makes me)  
Makes me (Want you)  
Want you (Zero, help me sing)

I wanna be huggin' and kissin'  
And squeezin' and squeezin' you  
Doin' the things that a man is suppose to do  
Stormy weather girl, we'll be together

Forever and ever and ever and ever

Yeah yeah yeah yeah yeah yeah

From now on (Now on)

From now on, yeah (This day on, till infinity)
