Gerry Rafferty, A New Beginning

Looking at a new day, seeing in a new way
Living in the here and now, forget tomorrow
Looking at a new girl, living in a new world
I'm changing every little thing cause I've found something new.

I'm gonna make a new start, I'm gonna play a new part Going down a different road, a new direction Now I've got a new feel, now I've got a new deal I'm telling everyone I know that I've found something new.

Standing alone with the beat of my heart I don't know if I'm losing or winning Rescued by love and the angels above I'm sensing a whole new beginning.

I'm looking at a new moon, listening to a new tune I never thought I'd find such understanding Now I've got a new love, that fits me like a new glove I'm changing every little thing cause I've found something new.

Standing alone with the beat of my heart I don't know if I'm losing or winning (I'm on the way) Rescued by love and the angels above I'm sensing a whole new beginning.

Something new...

Standing alone with the beat of my heart I don't know if I'm losing or winning (I'm on the way) Rescued by love and the angels above I'm sensing a whole new beginning.
