

# Get Ready, A Girl Like You

I'm so tired of waiting  
on the outside  
Waiting for the good times  
to begin  
Right now I'm gonna make  
some changes  
Gonna make some changes  
from within

I wanna be inside your mind  
(Feel you in my heart)  
I'm waitin' for a sign  
And now it's time to start

Looking for a girl like you  
Won't you say, you'll be mine  
till the end of time  
Looking for a girl like you  
Take my hand, come with me  
Our love is for eternity

People say that there's  
no rhyme or reason

I don't care, no matter  
what they say

For eternity  
I've been waiting for a sign  
A sign to say you'll be mine  
Take my hand, come with me  
Till the very end of time
