

Get Smart!, Ankle Deep In Mud

Went by the swamp
Looking around
Went down by the swamp
See what I've found
Went down by the swamp
Down by the sea
Went down by the swamp
Looking at me

Ankle deep in mud
Trying to run
Ankle deep in mud
It's no fun

Something underground (underground)
Sneaking on by
Something underground (underground)
People cry
Something underground (underground)
Go crawling on
Something underground (underground)
My nerves are gone

Ankle deep in mud
Nowhere to go
Ankle deep in mud
We're running too slow

Screams all around (mud)
Out of nowhere
Screams all around (mud)
No one will dare
Screams all around (mud)
Something is near
Screams all around (mud)
That's something I fear

Ankle deep in mud
Getting no place
Ankle deep in mud mud mud mud mud mud
Where's the race?

Ask yourself where's the race?

Ankle deep in mud
Getting no place
Ankle deep in mud mud mud mud mud mud
