Something underground (underground) Sneaking on by Something underground (underground) People cry Something underground (underground) Go crawling on Something underground (underground) My nerves are gone

Ankle deep in mud Nowhere to go Ankle deep in mud We're running too slow

Screams all around (mud)
Out of nowhere
Screams all around (mud)
No one will dare
Screams all around (mud)
Something is near
Screams all around (mud)
That's something I fear
