Got ta get my hands on some.

Chorus: Bushwick

I was born in a cheap ass hospital
from the fifth ward, stuck right in the middle
of a rock and a hard spot, before my dad got that ass I was already counted out
what a mutha fuckin pity
mama couldn't afford milk so we had to suck her titties.
every night in the kitchen I'd see, rats and roaches eaten bettan me.
there was no thanksgiving, they say I'm a fool for thanking god for living,
but being broke ain't no mutha fuckin joke back in 91 shit just ain't happenin

I never had a goddamned thing christmas came and went, without a choo choo
train, in the geto, gifts get stolen or bought ain't no mutha fuckin santa
claus.
