

Ghetto Romeo, Kiss You (Ft Sasseyy)

(Ghetto Romeo)

Suga I Just Wanna KiSs you
Baby I Just wanna KiSs You..

(Ghetto Romeo)

Skin is so soft, Turn the lights off
pinders your lips, waiting for this
moment for daze, touching your face
massaging you head, keep it right there
Take it slow, take it slow, cuz I don't wanna miss a thing
Guess in time, you will find, it don't get much better then this

(Ghetto Romeo)

Oh I just wanna kiss you, (kiss you)
I just wanna hold you tight now
Pretty little thing, slow dance with me
I just wanna hold you tight now

(Sassy)

Baby I just gotta kiss you
I just wanna hold you tight
You sexy little thing, come dance with me
I just gotta hold you right now

(Sassy)

When you place your hands across my shoulder
Then you wrap my arms around your waist
Nothing's gonna change 'till the music stops
And till then I must say that the way you're looking at me
(the way I'm looking at you)
say I'll take you home with me
(girl come home with me)
But I'm way too Sasseyy
Not playing you but thats how it's gotta be..
