

# Ghost Dance, The Grip Of Love

Look in my eyes and tell me its over  
Tell me theres nothing left inside  
After all weve been through together  
You know you couldnt even if you tried

Youll never free your heart from the grip of love

Remember the time you said forever  
Was I dreaming I dont know  
You and I were so good together  
Though it seems like years ago

Youll never free your heart from the grip of love

Youll never free your heart from the grip of love

Look in my eyes and tell me its over  
Tell me theres nothing left inside  
After all weve been through together  
You know you couldnt even if you tried

Youll never free your heart from the grip of love
