

# Ghost Machine, Certain Things

I'm still loving you, after all we went through  
I'm still needing you, after all we've done  
I'm still hearing you, telling me not to  
I'm still wanting more, that's where we left off

Certain things remind me of the way it used to be  
Everything reminds me of how it tastes to know the fear

I'm still loving you, after what we've been  
I'm still needing you, do you even care  
I'm still hating you, when I think about you  
I'm still wanting more, life isn't fair

Certain things remind me of the way it used to be  
Everything reminds me of how it tastes to know the fear  
Whisper

Love comes back around me  
Love comes back around

I'm still loving you, after what we've been through  
And I'm still needing you, do you even care  
I'm still hating you when I think about you  
But I'm still wanting more, life isn't fair

How everything reminds me of how we used to be  
Certain things remind me of how it tastes to know the fear

How it all comes back,  
How it all comes back to me
