

# Ghost Of The Robot, Goodbye

I don't care what people're gonna say about it,  
I just wanna sit here and drink your sweet wine.  
Know they're gonna say you're too young for me  
But think if I kiss you that would be just fine.

Know how it's gonna end before it even starts now,  
Gonna give me love sweeter than pie.  
Part your lips if you're gonna kiss me,  
Say a word that's gonna break me.

Bye, bye, bye, bye, goodbye

Christopher Robin gave old Pooh up,  
Grown up, didn't need Pooh no more.  
Babe believe me, this ain't the first time  
I've been thrown down on the playroom floor

Bye, bye, bye, bye, goodbye  
Bye bye, baby, bye bye  
Bye bye, baby, bye bye  
Sorry, baby, I'm just fast.
