

# Ghostface Killah, Love Stories

(feat. Ellie, Ghostface Killah)

[Chorus: Ellie]

Where do I begin  
To tell you all the things I feel when you're with me?  
The day we met I knew I'd fall so easily  
You must believe you're givin' everything I need  
Never to much..

[Ghostface Killah]

Snatched the Princess  
Tricks keep searchin for the glass slipper  
The first time the brides maid zipped the zipper  
Then walked down the aisle, look at little pretty Roxanne's smile  
That's right, she big head child  
Spot the glass on the hand, white valor laying across the floor  
Draggin' damn, she got a good man  
Family in the back, one half on both sides of the church  
Look at Keisha in the tight ass skirt  
Mom Duke in the front row, Grandma Pearl sittin right next our row  
Beside Uncle Joe, then right before her eyes  
The preacher ask, "Would it to death do you part if one dies?"  
She replies, "Yes", the winnin words that described best  
Grandma pinned sittin 30 on the right breast  
Now she searchin for the slob-down, the block's slick vitamin joint  
Mad water in her eyes at this point  
The man holdin the Bible announces, "You're married for life  
Sign my cheque, peace to the bridal"  
Recall this one girl's marriage, one girl's carriage  
One with the lucky fingers, grab it, she attracted to magnet  
She might have cracked the safe, seen the cabbage  
Now it's one love in the tablet

[Chorus: Ellie]

How do I begin  
To show you I love you anywhere, it ain't no sin?  
This love will outlast time, I can't remember when  
I thought I lost you but now that you're in my arms  
Just say you'll stay

[C-Wiggs]

Cobra popped, a bottle of black Burgundy, coversated  
I stared at your green eyes stagnated, your butter milk skin  
You smelled good but you taste even better  
Eye ball walk/talk was first on the agenda  
I 'member the first time we engaged in the act, in the ac'  
You jumped on my lap and pushed the seat back  
Passionate thoughts, I knew you would be the wiz  
Now you hold my kids, my divine little wiggs  
The grand souflan cuz of your presence  
So I'ma take it back to the essence just like Valentine presents  
Long tongues and wet kisses, sex positions  
Buy habista, siesta key, Florida visits  
You exquisite young heart, I held you by afar, unchained  
Our physical's 33 within the Range  
Things have changed over the course of time  
But you are mine, and I'm yours  
I'm lookin forward to you after tours

[Chorus: Ellie]

How do I begin  
To show you I love you anywhere, it ain't no sin?  
This love will outlast time, I can't remember when  
I thought I lost you but now that you're in my arms

Just say you'll stay  
Lalalalala, whoa, whoa, whoa  
Lalalalala, whoa, whoa, whoa
