

Ghostland Observatory, Vibrate

I said vibrate
Vibrate to be the one
Honey, let's drive right
Right into the sun.

It's a hot night
Too hot to play it cool
And baby, it's alright
?? Electric groove

She goes
Oh, she goes
She goes

Now let's go
Go and lose control
Honey, now you know
How the river flows

Now let's get down
Down into the sound
And baby, I'll whip around
When you touch the ground

She goes
Oh, she goes
She goes
Here. She. Goes.

Ah, ah, ah, ah, vibrate to be the one
x8

She goes
Oh, she goes
She goes
Here. She. Goes.
