

# Ghoti Hook, Mach 3

Broken on the inside, laughin' on the outside  
A smile that could break Your heart  
Cryin' on the bedspread; blackin' out, I'm brain-dead  
Wonderin' where You are

(chorus)

This is the way I feel  
With my hand over my heart, I pledge I'm real  
Bless me, Father, I am weak, I am not strong  
And doesn't matter if I get my way

Talkin' heads confuse me  
They spit out words tha knock me down  
If I could be so disallusioned  
Then maybe I would not care but...

(chorus)

So guard my soul  
Surround my wrld  
They took my esteem away!  
And I want thysis in Your name!

(chorus)
