

Ghoti Hook, Seasons

It was a soft summer night when you came into my life
I thought it was a dream when your hand reached out for me
there was something there that I couldn't compare
and I knew that you were the only one for me
seasons change

It was a cool autumn's eve when you sensed that I was leaving
a tear came to your eye but I just let it run dry
you said don't go away but I just left you anyway
I wasn't sure if you were the one for me
seasons change

It was a cold winter's morning I had been up all night crying
I knew I'd done you wrong, I'd been astray for oh so long
I'm on my knees in pain I wish things had stayed the same
and I just hope that you will take me back
seasons change

It was a warm spring's night when you let me back inside
I thought it was a dream but you still cared for me
your love filled my heart nothing could tear us apart
and I knew that you were the only one for me
seasons change
